

ASPIRE
A St. Agnes Parish Renovation Investment Effort

Remember hearing the phrase ASPIRE? Well it stands for "A St. Agnes Parish Renovation & Investment Effort". ASPIRE will focus on those improvements to our physical church property to enhance our worship environment. ASPIRE will address our needs in the areas of adoration, modernization and maintenance.

The Parish Council and Finance Council have recently approved funding to begin the second phase of this project. A liturgical consultant has been retained by the name of Dennis Horbinski. Horbinski Design Group will assist us in the conceptual design phase, including programming, master planning, design and feasibility.

The Church Planning Team has created a 'Vision Statement' to help our parishioners understand what our goals are in the overall ASPIRE project. We will continue to communicate progress as the ASPIRE project unfolds. If you have any questions, please contact:

**Vision Statement
For
St. Agnes Catholic Church Planning Team**

We, the members of the St. Agnes Catholic Church Planning Team ASPIRE to create a vision for the future that is nourished by the hard work of past generations and the vibrant life of our community today.

Our parish has evolved through changes in the size and age range of our population, the diversity of traditions, numerous demands on our facilities, and outreach to the greater Green Bay community. We seek to fashion a welcoming accessible environment rooted in the Roman Catholic tradition that will honor God, enhance the experience of all who come here, and improve the quality of our parish facilities and liturgical celebrations.

As good stewards of the current parish mission, we will work to create a place that will serve as a strong foundation for the demands of an ever-expanding future.
